

Overview Rabobank Loan Portfolio 2024

In this section we provide an overview of our on-balance loans to business clients based on NAICS codes (North American Industry Classification System). We have been doing so since the 2015 interim report, and hereby adhere to the protocol for transparent reporting on lending (Protocol Transparantie Kredietverlening) which was launched halfway 2016 by the Dutch Banking Association. The figures correspond to our loan portfolio as included in the Interim Report 2024. In order to foster comparability, exposures of three periods are shown. Single NAICS codes apply to clients active in multiple sectors and aggregated figures are not always providing an accurate picture of trends and expectations in applying our policies.

Based on our policies, risk management, and dialogues with clients and other stakeholders we monitor exposure developments to certain sectors, especially when there are specific sector policies (e.g. in our [Sustainability Policy Framework](#)). Whenever stakeholders have any further questions we reiterate our ambition to engage in a dialogue with them.
